

Roman Day

I was felling excited when I was putting my dress on. My dress was very warm. When I got to school all my friends were in beautiful dresses. After that we went inside lined up and walked into the hall. Waiting there was a storyteller. The storyteller told us a story about Romulus and Remus. Some people acted along with it. After play we went back into the hall. There were lots of activities. Miss Fry and Mr Grogan explained the rules. Miss Fry also suggested that when Mr Grogan or she shouted hail we had to stop doing our activities. The activities were mosaic making, paper mosaic, make a shield, make a Roman coin and quizzes. First I did the paper mosaic then I did the quizzes. After I did my Roman numbers it was time for lunch. When I finished my lunchh I played with my Roman friends. We played a Roman game. It was fun. After 1 hour it was time go into the hall again. Because I did the paper mosaics and the quizzes so I did the Roman coins. Then I did the shields with my friends. After we tidied up we had a big march around School. Then at the front playground we had a big battle. When we got back we listened to a bit of horrible history. Then it was time for home time so we got ready and went home
