

St. Cecilia's play 2006

In the year 2006, St. Catherine's class produced a play on our Patron Saint, St. Cecilia. It was about how Cecilia got on with life and also what she believed and all the fears she had to face. We were very excited (as well as nervous!) before our performance in front of the school because we had practiced the play and hymns a great deal and had good actors/actress and narrators. First, we had to perform to the parents- we were quite nervous when we came on the stage, but we turned out to be excellent! Our class had lots of fun and support from Miss De Normaville through all the rehearsals.

After performing, we had to perform once again to the juniors - which again turned out to be brilliant. We had an enjoyable time performing to the classes and the parents. We had many complements from lots of people and had a superb time. We can't wait till our next performance!
