

# **The Synagogue**

---

**The Synagogue was very exciting. Firstly we had to catch the bus to Wimbledon, which was very fun since we normally go on coaches.**

**When we arrive a man and a woman were waiting at the door, their names were Sharon and Simon. They talked to us and explained some symbols of the Jewish religion.**

**When we got inside Simon gave us a skull cap (Kippah) and we went into the main part of the synagogue.**

**The first thing that caught my eye was the ark it was breath taking.**

**The best symbol I saw was the Torah it looked so heavy.**

**The first activity we did was a quiz sheet and we walked around the synagogue.**

**After that, we went to a table which was laid like one at the Sabbath, we got to taste plaited bread and we drank grape juice.**

**It was now time to go back to catch the bus and go back to school.**

**I really enjoyed the synagogue and I cannot wait to go again.**
